**IN THE MATTER OF: SEIFERT ENTERPRISES, LLC
 CDPS PERMIT NO. COG-070000
 CERTIFICATION NOS. COG074204 AND COG074231
 CHAFFEE COUNTY AND CUSTER COUNTY, COLORADO**

Pursuant to the authority vested in the Colorado Department of Public Health and Environment's (the "Department") Division of Administration by §§25-1-109 and 25-8-302, C.R.S., which authority is implemented through the Department's Water Quality Control Division (the "Division"), and pursuant to §§25-8-602, 25-8-605 and 25-8-608, C.R.S., the Division hereby makes the following Findings of Fact and issues the following Notice of Violation / Cease and Desist Order / Order for Civil Penalty:

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. At all times relevant to the alleged violations identified herein, Seifert Enterprises, LLC was a Colorado limited liability company in good standing and registered to conduct business in the State of Colorado.
2. Seifert Enterprises, LLC is a "person" as defined under the Water Quality Control Act, §25-8-103(13), C.R.S. and its implementing permit regulation, 5 CCR 1002-61, §61.2(73).
3. On August 8, 2012, the Division received an application from Seifert Enterprises, LLC for Colorado Discharge Permit System ("CDPS") coverage for the Salida Natural Resources Center/Highway 50 Water Main project, which included construction dewatering activities associated with installing 2,896 linear feet of potable water line located at approximately 38.523N, 105.472W near the City of Salida in Chaffee County, Colorado (the "Salida Project").
4. On September 7, 2012, the Division received an application from Seifert Enterprises, LLC for CDPS coverage for the Westcliffe Events Center project, which included construction dewatering activities associated with construction of an amphitheater and parking lot located at approximately 38.136N, 105.472W near the Town of Westcliffe in Custer County, Colorado (the "Westcliffe Project").

5. The Salida Project and the Westcliffe Project are subject to the CDPS General Permit, Number COG070000, for Construction Dewatering Discharges (the "Permit"). During the times relevant to the alleged violations identified herein, two versions of the Permit were in effect – the version that became effective December 1, 2006, was amended with Amendment #1 on August 1, 2008, and was set to expire on November 30, 2011 but was administratively continued until Permit reissuance (the "2006 Permit"), and the current version of the Permit that became effective September 1, 2013 and is set to expire August 31, 2018 (the "2013 Permit").
6. On September 10, 2012, the Division provided Seifert Enterprises, LLC Certification Number COG074204 authorizing Seifert Enterprises, LLC to discharge wastewater from the construction dewatering activities associated with the Salida Project through outfalls 001A and 002A to the South Arkansas River under the terms and conditions of the Permit. Certification Number COG074204 became effective under the 2006 Permit on September 10, 2012, was reissued under the 2013 Permit on September 1, 2013, and remains in effect until August 31, 2018 or until Seifert Enterprises, LLC inactivates Permit coverage. When Certification Number COG074204 was reissued under the 2013 Permit, the nomenclature used to identify Outfalls 001A and 002A was changed to 001AU and 002AU.
7. On September 12, 2012, the Division provided Seifert Enterprises, LLC Certification Number COG074231 authorizing Seifert Enterprises, LLC to discharge wastewater from the construction dewatering activities associated with the Westcliffe Project through Outfall 001A to Grape Creek under the terms and conditions of the Permit. Certification Number COG074231 became effective under the 2006 Permit on September 12, 2012, was reissued under the 2013 Permit on September 1, 2013. The Permit was effectively terminated July 1, 2014 as requested by Seifert Enterprises, LLC. When Certification COG074231 was reissued under the 2013 Permit, the nomenclature used to identify Outfall 001A was changed to 001AU.
8. Pursuant to 5 CCR 1002-61, §61.8, Seifert Enterprises, LLC must comply with all the terms and conditions of the 2006 Permit and the 2013 Permit, and violations of such terms and conditions as specified in the 2006 Permit and the 2013 Permit may be subject to civil and criminal liability pursuant to §§25-8-601 through 25-8-612, C.R.S.

Failure to Submit Discharge Monitoring Reports

9. Pursuant to Part I.C.1. of the 2006 Permit and Part I.B.2. of the 2013 Permit, Seifert Enterprises, LLC is required to monitor defined effluent parameters at specified frequencies and report the results of such monitoring on a Discharge Monitoring Report ("DMR") form.
10. Pursuant to Part I.F.2. of the 2006 Permit and Part I.E.1. of the 2013 Permit, Seifert Enterprises, LLC is required to report all monitoring results on a monthly basis using Division approved DMRs. Seifert Enterprises, LLC is required to ensure the DMRs are mailed to the Division so that they are received by no later than the 28th day of the month following the reporting period. The 2006 Permit and the 2013 Permit specify that if no discharge occurs during the monthly reporting period, "No Discharge" shall be reported on the DMR.

11. Division records establish that Seifert Enterprises, LLC failed to submit DMRs to the Division for Certification Number COG074204 for both Outfall 001A/001AU and Outfall 002A/002AU for the reporting periods of June 2013 through May 2014.
12. Division records establish that Seifert Enterprises, LLC failed to submit DMRs to the Division for Certification Number COG074231 for Outfall 001A/001AU for the reporting periods of June 2013 through May 2014.
13. Seifert Enterprises, LLC's failure to submit DMRs to the Division for each reporting period constitutes violations of Part I.F.2. of the 2006 Permit and Part I.E.1. of the 2013 Permit.

The permittee must submit these forms either by mail, or by using the Division's Net-DMR services (when available). DMRs **must be** received by the Division no later than the 28th day of the month following the monitoring period...If no discharge occurs during the reporting period, "No Discharge" shall be reported on the DMR...The Discharge Monitoring Report forms shall be filled out accurately and completely in accordance with requirements of this permit and the instructions on the forms."

Part I – Administrative Violations Penalty Determination

	Violation Type	Adjustment	Amount in Dollars
Line 1	Administrative Violations (Delinquent and/or Late DMRs)	\$500 + 0%	\$6,000.00
	<p>Calculation: Seifert Enterprises, LLC failed to submit DMRs to the Division for Outfall 001A/001AU and Outfall 002A/002AU for the reporting periods from June 2013 through May 2014, for a total of 12 reporting periods and 24 delinquent DMRs:</p> <p>In accordance with Part III.B.2.(a)(i) of the Water Quality Control Division's <i>Civil Penalty Policy</i> (May 1, 1993), penalties for delinquent, late or improperly completed DMRs will be \$250 per DMR if the correctly completed DMR is submitted prior to the issuance of the NOV and \$500 per DMR thereafter. In cases where the permittee has been issued a previous NOV for late or incomplete DMRs, or where the Division has a long history of correspondence with the permittee regarding these types of violations, the penalty for each report may be increased by one hundred percent per occurrence. The amount of the increase will be based on the period during which these violations have occurred and the severity of the violations.</p> <p>The Division issued the following Compliance Advisories to Seifert Enterprises, LLC citing failure to submit DMRs:</p> <ul style="list-style-type: none"> • Compliance Advisory dated February 21, 2013 for delinquent DMRs for the September 2012 reporting period for Outfalls 001A and 002A. • Compliance Advisory dated April 3, 2013 for delinquent DMRs for the October and November 2012 reporting periods for Outfalls 001A and 002A. • Compliance Advisory dated May 14, 2013 for delinquent DMRs for the December 2012 and January 2013 reporting periods for Outfalls 001A and 002A. • Compliance Advisory dated June 13, 2013 for delinquent DMRs for the February 2013 reporting period for Outfalls 001A and 002A. • Compliance Advisory dated June 26, 2013 for delinquent DMRs for the March 2013 reporting period for Outfalls 001A and 002A. • Compliance Advisory dated July 25, 2013 for delinquent DMRs for the April 2013 reporting period for Outfalls 001A and 002A. • Compliance Advisory dated September 11, 2013 for delinquent DMRs for the May 2013 reporting period for Outfalls 001A and 002A. • Compliance Advisory dated October 28, 2013 for delinquent DMRs for the June 2013 reporting period for Outfalls 001A and 002A. • Compliance Advisory dated January 15, 2014 for delinquent DMRs for the July, August and September 2013 reporting periods for Outfalls 001A, 001AU, 002A, and 002AU. • Compliance Advisory dated February 14, 2014 for delinquent DMRs for the November 2013 reporting period for Outfalls 001AU and 002AU. • Compliance Advisory dated March 18, 2014 for delinquent DMRs for the December 2013 reporting period for Outfalls 001AU and 002AU. • Compliance Advisory dated June 18, 2014 for delinquent DMRs for the March 2014 reporting period for Outfalls 001AU and 002AU. 		

	<p>In calculating the Administrative Penalty for the delinquent DMR violations, the Division assessed a \$500 penalty per delinquent DMR. The Division conservatively chose not to increase the penalty by the allowed 100% per occurrence, despite the history of correspondence addressing missing DMRs. In addition, the Division conservatively chose to assess a single \$500 penalty per reporting period (12) as opposed to a \$500 penalty per delinquent DMR (24).</p> <p style="text-align: center;">12 Monitoring Periods x \$500.00 = \$6,000.00</p>	
Line 2	Administrative Violation Total	\$6,000.00

Part II– Economic Benefit Consideration

		Amount in Dollars
Line 3	Economic Benefit	\$0.00
	<p>Delinquent and/or Late DMRs: Seifert Enterprises, LLC avoided the cost of submitting several DMRs; however, the economic benefit of the avoided cost was conservatively determined to be relatively insignificant.</p> <p>Additionally, Seifert Enterprises, LLC likely avoided the cost of sampling and analyzing the Salida Project's discharge quality as required by the Permit and Certification. The Division conservatively estimates the cost of obtaining and processing a sample (including collection, paperwork, lab delivery, calculations, etc.) to be \$40/sample, and the cost of laboratory analysis for the missing parameters to typically range from \$15 to \$50 per parameter; however, the Division conservatively chose not to include an economic benefit for these avoided costs.</p>
